TUITION-BASED PROGRAM FINANCIAL AGREEMENT

Our Full-Day Kindergarten program is made possible by your tuition payments. Tuition is collected by a third party tuition collection service, FACTS Management.

Tuition Program Policies:

- Payments must be made through FACTS Management. Payments are not accepted at the school.
- Once your student has been enrolled in a tuition-based program, the business office will notify FACTS of the cost of the program in which he/she is enrolled. FACTS will then send out an invitation to set up a payment plan. If you pay in full, you may pay by check or credit card. Monthly payment plans can only be paid by direct bank debit. If you choose to use a credit card, you will be charged a service fee.
- Families may apply for financial aid or tuition waivers for financial reasons. To do so, you must fill out a form authorizing sharing of financial information from the Food Service to the Business Office, and you must complete and submit a meal assistance application. The financial information collected on that form is subject to audit, in which case supporting evidence such as pay stubs and tax returns may be required.
- Students with disabilities may qualify for a tuition waiver based on their level of need, and intensity of IEP services. This is determined through a special education evaluation; not all services qualify a student for tuition-exempt status.
