# TECHNOLOGY TIMES

Hello from Mrs. Moon!

EXTRA! EXTRA!

**SPECIAL ISSUE** — Wrentham Public Schools — **March 23, 2020**

# Attention Delaney Students!

## Mrs. Moon Web Page Update

Mrs. Moon has updated and organized her school web page to make it easier for her students to access their favorite online activities and programs!

All educational links are located on the right hand side of the web page and include the following subcategories: Typing Practice, Mouse Control Practice, Dr. Seuss STEM, Let's Get Coding, Be a Maker.

In the middle of the web page you will find "Family STEM Activities". Some of these were created by Mrs. Moon and others are activities that she has completed with her own family. Please send Mrs. Moon an email with completed STEM projects so she can share on the WPS Instagram page! #STEMeducation

Visit Mrs. Moon's web page to see the updates! CLICK HERE
